

Subject: Your Seattle University Credentials

Sent From: orientation@seattleu.edu

Message:

SEATTLE UNIVERSITY

Hi Rudy,

Now that you're officially a Redhawk, it's important to have your Seattle University credentials handy. You'll use them to access essential websites like your Orientation Portal, mySeattleU, Canvas, and other student resources.

If you've already logged in and updated your password, you're all set! If not, use your temporary password to log in to your Seattle University account to update your password.

[Set Up your SU Account](#)

Once you have logged in using your Seattle University credentials, visit your [Orientation Portal](#) to get started on your New Student Checklist.

If you experience issues while setting up your account, contact the Service Desk at (206) 296-5571 or servicedesk@seattleu.edu for support.

Sincerely,
Orientation Programs
